Introduction

The collection of publications for a bibliography is a story that never ends,
and complete coverage cannot be achieved.

Origins

In 1974, the South Asia Institute, Heidelberg (SAI), was able to buy the Burma collection of Professor Frank N. Trager, New York. Many of the items in this collection are listed in his own bibliography on Burma. The Deutsche Forschungsgemeinschaft (German Research Council) sponsored the acquisition of this collection on condition that it be catalogued in order to make it available to the scientific community and for foreign loan. The titles thus acquired by the South Asia Institute were the starting point of my own endeavour.

Progress

Over the years the catalogue of the Trager collection grew into a complete bibliography on Burma / Myanmar. Additional titles were found in a number of printed library catalogues. From 1990 an increasing number of electronic catalogues could be used via telnet. The most important bibliographies are (for a complete selection see heading "Bibliography"):

Cordier, Henri

Bibliotheca indosinica : dictionnaire bibliographique. – Paris, 1912

Embree, John Fee

Bibliography of the peoples and cultures of mainland Southeast Asia. – New Haven, 1950

Khin Thet Htar

Sims, John

A list and index of parliamentary papers relating to India 1908-1947. – London, 1981

Shulman, Frank Joseph

Graham, William Gordon

In addition there are the following printed library catalogues were used:

British Museum (now **British Library**) < London >

Index catalogue of Indian official publications in the Library, British Museum / compiled by Frank Campbell. – London, [1900]

Subject index of (modern) books (works) ... – London, 1902-

Catalogue of Burmese printed books in the India Office Library / Kenneth Whitbread. – London, 1969

The **National Union Catalogue** [NUC] : a cumulative author list represented by Library of Congress printed cards and titles reported by other American libraries. – Washington, D.C., 1956-

School of Oriental and African Studies, University of London

Library catalogue. – Boston, Mass., 1963-

Supplements, 1968-

When I realized that not all holdings on Burma were catalogued within the separate libraries, I searched for Burma-related titles within the stacks of the British Library, the India Office Library and Records and the School of Oriental and African Studies. I also listed the call numbers. Special thanks go to the British Library for their permission to look through the call numbers "11000" and "14000" in the basement and all call numbers "I.S.Bu" in the reading room of the Official Publication Library. I repeatedly looked through the call numbers "GB" at the School of Oriental and African Studies, London (SOAS). Basically, I tried to check every title within the bibliography myself. Every item I have seen is marked by an asterisk (*).

Description

The description of a publication contains:

Author ; editor or corporate body

Title proper = parallel title : other title information / author ; editor ; translator ; corporate body. Edition statement. – Place of publication : Publisher, date of publication. Physical description (pages, illustrations, tables, maps, index, bibliography).

– (Title proper of series / statement of responsibility relating to series, ISSN ; numbering within the series) – Notes. – ISBN

Introduction, Abbreviations

Holdings and call number

After the description the library holdings follow with their call numbers. I have tried to register many parallel holdings in different libraries and to give their call numbers. Time did not permit to give all holdings; so, if a library is not mentioned as keeping a title, this does not necessarily mean it isn't available there. It is always advisable to check at the library itself.

A complete registration of all holdings relating to Burma was aimed at for the following libraries:

- Südasiens-Institut, Heidelberg (SAI)
- Staatsbibliothek, Berlin (SBB)
- Niedersächsische Staats- und Universitätsbibliothek, Göttingen (SUB)
- The British Library, London (BL)
 - with special collection: Official Publication Library (OPL)
- India Office Library and India Office Records, London,
 - laeter*: Oriental and India Office Centre (OIOC) of the BL
 - now*: Asia, Pacific and Africa Collections (APAC) of the BL
- School of Oriental and African Studies, London (SOAS)
- Library of Congress, Washington, D.C. (LC)
- Cornell University, Ithaca, NY (CU)

The subject heading "Burma" was checked in the printed or electronic catalogues of the following libraries:

- National Library of Australia, Canberra (NLA)
- Australian National University, Canberra (ANU)
- Bibliothèque Nationale, Paris (BN)
- Koninklijk Instituut voor Taal-, Land- en Volkenkunde, Leiden (KITLV)
- National University of Singapore (NUS)
- Institute for Southeast Asian Studies, Singapore (ISEAS)

also in:

- Online Computer Library Center, Inc. (OCLC)
- Academic and national library catalogue, The University of Manchester (COPAC)
- OPACs of quoted libraries
- Système universitaire de documentation (Sudoc)
